 - See how much high school curriculum has changed in 12 years.
 - Find codes for courses you "made up" because none existed.
 - Receive electronic and paper forms of nearly everything.
 - Time to work with your curriculum and ask ?'s

- Curriculum Coding Workshops
 - E-mail invitations were sent EASIER superintendents and high school principals last week.
 - Contact <u>Rachel.Kruse@iowa.gov</u> or <u>Margaret.Hanson@iowa.gov</u> for a registration form

- Direct Certification for Free-Lunch Eligible students will be posted by August 1st for all EASIER districts.
 - EASIER Spring Data is used to "locate" students in the district of last known enrollment.
 - EASIER Spring Data will be done prior to August 1st.
 - Contact your friendly EASIER consultant for assistance so you can complete Spring EASIER and then enjoy July.

- Attendance information must be collected and reported at the building level (NCLB requirement)
- Move from Enrollment Records: Entry or withdrawal event
- Move to Enrollment Period records: Entry and withdrawal on same record
- FTE and attendance information will be associated with a specified building. Any change in FTE, entry code, exit code, or building will result in a new Enrollment Period record.

- At-Risk Indicator
- Further refinement of 4-year old Statefunded preschool program indicator
- Interim Placement exit code for students who need to be reported for Certified Enrollment but who aren't attending a school within your district.
- Destination Location for exiting students

- FTE required for all students. Vendor will default to 1.00
- Primary Language will be required for all students, not just immigrants and ELL.
- SCED course codes for Winter Project EASIER

- Suspension/Expulsion changes
 - Tobacco will be added as a reason for removal.
 - 'Both Drugs and Alcohol' will be deleted as a removal reason
 - Removal Reasons of Physical Fighting and Violent Behavior will be classified as occurring with or without injury.
 - Weapon Type: look-alikes will be added

- A new application will be developed for the 18 Districts with federally funded Migrant programs in 2007-2008
 - Elimination of paper copies
 - Pre-population with Spring EASIER data

- Development of Graduation Report
 - Pre-populated with Spring EASIER graduates
 - Change non-grads to grads
 - Change Grads to non-grads
 - Identification and correction of duplicated graduates (within and between districts)
 - Only graduate seniors who have met graduation requirements by file submission time.

- We will ask vendors to have updates to districts prior to the first day of school
 - You need the new fields!
 - Student information system version will be included in the EASIER header record.
 - This will provide the consultants with information to determine why your file did not upload (old version??)
 - Check Vendor status on Project EASIER home page.
